

Ambush, Navy Reveals, Led To Smashing of Jap Fleet in Pacific

By John M. HIGHTOWER
WASHINGTON, July 15—(P)—Japan's invasion armada ran into an American ambush in the Battle of Midway, official reports disclosed today.

A communique last night gave the first detailed account of the battle and a supplemental report told how a naval task force lay in ambush and struck hard with carrier planes when Army and Navy shore-based attacks had slowed the enemy fleet.

The great size of the armada Japan sent to assault Midway in hopeful prelude to conquest of Hawaii was disclosed for the first time—80 ships. Official records gave this result of the battle:

Japanese losses—20 ships sunk or damaged including four aircraft carriers sunk and three battleships hit; 275 planes destroyed, and 4,800 men killed or drowned.

American losses—the 19,900-ton aircraft carrier Yorktown put out of action, the destroyer Hammann sunk, an undisclosed number of planes destroyed, and 92 officers and 215 enlisted men lost. Loss of the destroyer and damage to an aircraft carrier had been reported previously, but this was the first time their names were given.

The immediate result of the battle was that the safety of the vital Hawaiian area, the American West Coast and the

Panama Canal were at least temporarily secured.

The Navy issued in exultant detail its first story of the "superb acts of devotion" mentioned by Prime Minister Churchill in Parliament July 2, when he told for the first time that "from some successful attacks on Japanese carriers only one (American) aircraft returned out of ten."

One action the Navy cited was by Navy Torpedo Squadron No. 8—30 men and 15 planes led by Lieut. Cmdr. John Charles Waldron, 41, of Fort Pierre, S. D. This squadron successfully attacked the enemy's main battle force without fighter support and in spite of blistering anti-aircraft and fighter opposition. All

15 planes were lost. Only one man of the squadron, Ensign G. H. Gay, of Houston, Texas, survived.

Another deed of valor was attributed to Major Lofton R. Henderson of Gary, Ind. During the Marines' first attack on the Japanese fleet on June 4, his scout bomber was hit and set afire. Henderson was last seen diving his blazing craft into the smokestack of a Japanese carrier.

After the Coral Sea victory of May 4-May 8, the Navy said, the high command decided the enemy's next thrust would be directed against some other section of America's Pacific defenses—Hawaii.

REDS BALK GERMAN ENCIRCLEMENT MOVE

Meandering Along the Main Stem

By WASH FAYETTE
About 40 of the boys who were being given the "screen test" for selective service in Memorial Hall Tuesday night were given an unarranged and most unexpected shock test . . . today they tell the story of their experience something like this:

They were lined up along the wall . . . all in the birthday suits of bare skin . . . they had on only their shoes . . . when suddenly the door opened . . . someone yelled "wait a minute" and dashed toward the entrance . . . then "but, lady, you can't come in here" . . . it was all to no avail . . . the young woman kept right on coming . . . paying no heed to the protests . . . for that matter, to the stripped and embarrassed young men . . . they were literally blushing from head to foot . . . and they couldn't hide that either . . . clear across the big hall on the third floor, she cruised . . . handed a paper to Howard Fogle, commander of the American Legion Post and member of the draft board . . . then turned on her heel and walked out nonchalantly.

Who she was and what she wanted, only Fogle knows . . . and he ain't tellin'.

"Home, Sweet, Home" . . . no sir, there's no place like it . . . and of that I'm convinced more and more every day.

Ray Baldwin, who left here in 1926 and went west, has come back 16 years later . . . just because "there's no place in the world like Fayette County" that's what he said.

It wasn't that Missouri isn't a nice place . . . Baldwin admitted he had been "quite successful" out there . . . in spite of the fact that the river had "washed our crops out several times" . . . he was a farmer here . . . and a farmer in the "Show Me" State . . . bought a farm about halfway between St. Joseph and Kansas City . . . and now he's going to be a farmer here again . . . he didn't say where he was going to live . . . but he did say he had picked out a "little 60-acre place" . . . his daughter and her husband are going to make a home there for him . . . he's been living with them since Mrs. Baldwin died several years ago.

Stretched across part of Jefferson and Paint townships in a beeline from Cincinnati to Columbus, is an old railroad grade, originally intended for the road that later was to be known as the Grass-hopper Railroad.

There is much evidence of the old grade still in existence, although most of it has been farmed over for a half century or more.

This old grade passes across the Bloomingburg and Sedalia Road (State Route 38) about one mile north of Yatesville, and as the point of crossing was where the farms of three or four widows joined, it was decided to call the new town planned for that place, "Widows' Corners."

Well, something went wrong and the railroad swung to the north, touching Sedalia, and there came to an abrupt halt, never to go any farther, and last year to vanish forever as a lost hope.

AIR CORPS PICKS BERRIES WHEN NOBODY ELSE CAN

McCHORD FIELD, Wash., July 15.—(P)—The Air Corps is picking raspberries too.

In response to a plea from Mayor Harry P. Cain of Tacoma, 350 soldiers from this air base packed their government issue lunches to the berry fields today, and worked long hours to help avert the serious threats of waste due to labor shortage.

'SECOND FRONT' WANTED BY REDS TO DIVERT NAZIS

Public Feeling in England Favors Land Invasion Of German Territory

YANKS IN TRAINING THERE

Japs Ominously Quiet—Fear Of Attack on Siberia Not Without Foundation

By DREW MIDDLETON
LONDON, July 15.—(P)—Soviet Russia was reported by qualified London sources today to be pressing anew for the prompt opening of a second, American-British European land front to divert the Nazi armies pounding at the gates of the vital Caucasus.

These sources, who insisted on anonymity, pointed out the eventual peril that Japan might open a second front in Siberia to distract the harried Red Army if the Nazis can set the stage for it.

A smashing victory for the Germans in the battle for the Caucasian approaches, they predicted, would be followed by a Japanese attack on Siberian Russia. Japan was said to have massed at least 24 divisions—about 360,000 men—in Manchukuo with air reinforcements from home.

Jap Ominously Quiet
August and September are the best months for campaigning in Siberia, according to these sources. They noted there are no signs of large scale Japanese activity elsewhere on the Pacific front.

'MONKEY BUSINESS' IN U-BOAT ATTACK

That's What Skipper of Ship That Was Torpedoed Says

(By the Associated Press)
There was "monkey business" in the sinking of a medium sized United States merchantman in the Caribbean, her skipper declared as the torpedoing of the ship was disclosed today (Wed.) by the Navy.

The ship, torpedoed July 1, in daylight, was captained by William R. McDonough of Mobile, Ala., who said: "In my opinion there was 'monkey business' about this torpedoing. I feel that the crew of the submarine knew we carried a valuable cargo, and that our destination and route were known to them."

Three members of his crew of 42 were killed when two torpedoes struck the ship.

Late Bulletins

By The Associated Press

HOUSE AGREES TO PLAN TO SELL WHEAT SURPLUS
WASHINGTON—The House today broke a two-month Congressional deadlock on the Agriculture Department appropriation bill by agreeing to a Senate proposal to allow sales of government-owned wheat at prices below parity.

POLITICS TABOO FOR OPA EMPLOYEES
WASHINGTON—Price Administration Leon Henderson said today that OPA employees who engage in political activity would be dismissed.

WAGE CONTROL IN PROSPECT SAYS OPA CHIEF
WASHINGTON—Price Administrator Leon Henderson told a Congressional committee today the price control program was in danger of breaking down and warned that wage control is "the next thing over the horizon."

Two Key Cities of Russia Are Threatened By Nazi Drive

This Central Press map shows how rapidly-advancing German armored forces now threaten Rostov and Stalingrad, vital Russian communications points connecting with the Caucasus. Russian dispatches admit the Germans have reached Boguchar, 190 miles west of Stalingrad, the capture of which would be a serious blow to the Russians. The Russians also have been forced to withdraw from Rzhnev, 130 miles northwest of Moscow, where the Germans have launched an offensive.

Competition Develops Between Oil and Farm Groups to Make Rubber

WASHINGTON, July 15.—(P)—W. S. Farish, president of Standard Oil Company (N. J.) said today the petroleum industry had developed two new methods of producing synthetic rubber which may provide by the end of next year 34,000,000 more automobile tires than had been expected.

In another congressional quarter, Senator Thomas (D., Okla.) said he would press legislation to create an independent government rubber agency despite opposition from War Production Chairman Donald Nelson.

Farish told a House mines subcommittee that the new rubber methods may provide 200,000 tons of synthetic rubber in addition to the 800,000 tons already planned under the government's rubber program.

Tires from this additional rubber, Farish said, would go toward meeting essential civilian transportation needs.

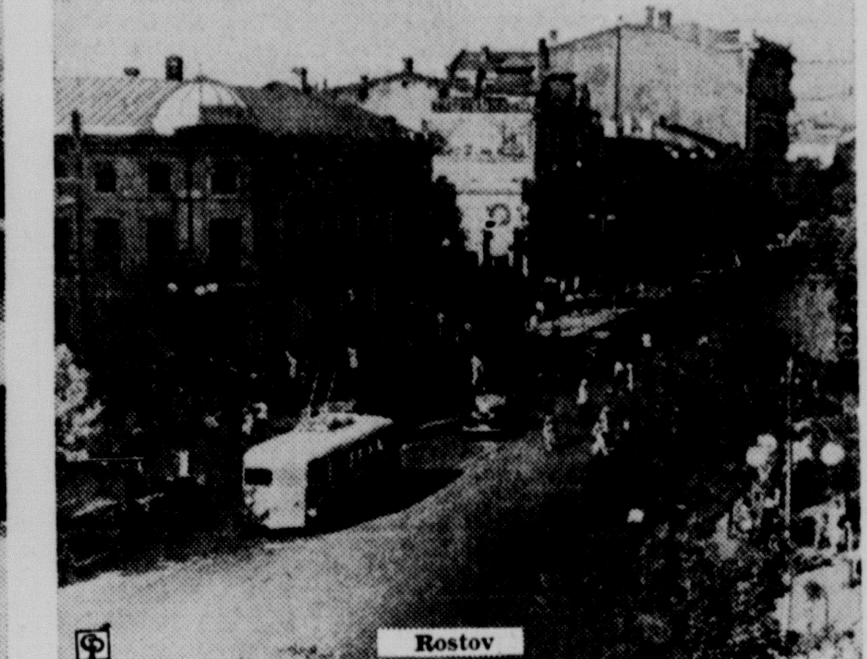

The quick Butadiene method, Farish said, involves production of Buna rubber by using spare equipment and odds and ends of junk to patch temporary facilities which could turn out rubber raw materials.

He said the government's 800,000-ton synthetic rubber program was sufficient for the military needs of the United Nations, but would be neither large enough nor soon enough for ordinary non-

MIDDLETOWN, July 15.—(P)—Fire destroyed the Gordon Theater at dawn today causing loss estimated by Mrs. Mary Gordon, owner, at \$100,000.

Attack on Siberia By Japs Scented as Fleet Comes Home

(By The Associated Press)
Apparently by coincidence, London sources voiced opinions today that the Japanese main fleet is concentrating in home waters an that a smashing German victory in Russia would precipitate a Japanese attack on Soviet Siberia.

Simultaneously the Tokyo radio broadcast a report that Foreign Minister Shigenori Togo, speaking at Osaka, disclosed that the Soviet government had assured Japan that Moscow's mutual assistance pact with Britain and her agreement with the United States contain no provisions regarding Japan.

The Japanese foreign minister told his hearers that relations between Japan and the Soviet Union continue to be covered by their 1941 neutrality treaty.

Qualified sources in London, however, predicted that Japan might be the first to open a new front in the world conflict—against Russia's far eastern armies—in an effort to capitalize on Germany's assaults in European Russia.

The Chinese have long insisted that this was on the Axis agenda, citing concentrations of Japanese forces in Manchukuo, as opposed to a relative quiescence elsewhere.

Official circles in London say the Japanese main fleet probably will be seen in the Pacific (Please Turn to Page Two)

ALLIED ASSAULT BY AIR RENEWED

RAF Fighters Roar Across Channel To Work on Nazis Along 'Invasion Coast'

LONDON, July 15.—(P)—Fine weather for flying returned today and the RAF's fighters went to work again on Nazi installations on French soil across the Channel.

Several squadrons were assigned to morning operations. Strong formations of planes roared over Folkestone shortly before noon returning from the direction of Cap Griz Nez.

Adverse weather kept British bombers from raiding Germany overnight, an informed source said.

Farm Bill Compromise Headed for Trouble, too

WASHINGTON, July 15.—(P)—A new compromise in the Agriculture Department appropriation bill deadlock faced a showdown in the House today amid predictions the President would veto the proposal if it passed.

Offered by Chairman Cannon (D-Mo) of the House appropriations committee, the compromise calls for the sale of 125,000,000 bushels of government controlled surplus wheat at corn parity prices for livestock feeding. This is a sharp departure from the senate demand for 85 percent of corn parity and previous House insistence that no surplus wheat be sold at prices below wheat parity.

The compromise was approved 81 to 34 on a division vote in the House yesterday, but opponents forced adjournment and postponed a roll-call vote until

NAZI RESERVES SENT TO RUSSIA FROM BELGIUM

Terrific Toll Being Taken Of Hitler's Army, Reports From Front Indicate

EUROPE INVASION RISKED

British Continue To Turn Back Axis Thrusts in War in Egypt

By CLYDE A. FARNSWORTH
(By the Associated Press)

Locked in a great, consuming battle for which Germany is stripping reserve divisions from her garrisons in western Europe, the Russians reported today that they had repulsed enemy attempts to encircle Voronezh, on the north flank of the Germans' Don valley offensive.

Resistance to Hitler's 1942 blitzkrieg, as symbolized by the defense of Voronezh, has so sapped the enemy's reserves that several divisions from Belgium and France have been put into the battle, the Russians said.

Nazis Take Chance
The official Russian announcement to that effect today was a tacit implication that the way was being opened in western Europe for creation of an Allied front.

London reported Russian pressure for a prompt invasion of the continent and one informant declared that all preparations for a full-fledged attack were being made. How soon was left unanswered.

The Germans who more than a week ago were claiming Voronezh as theirs actually were stopped by a last ditch defense at the outskirts, Russian front dispatches said today in recounting the struggle for that anchor of the southern Russian army.

Since the clash, presumably some days ago, the Germans attempted to encircle Voronezh, which is 300 miles south of Moscow, but were repulsed on the north and rolled back on the south to the point where they had crossed the Don River to get at the key city.

Threat to Germans
So long as Voronezh stands it remains a sharp flanking threat to the Germans' deepest penetration of Russia, a thrust which has carried beyond Boguchar, down the Don from the Voronezh sector to within 200 miles of Stalingrad on the Volga.

Axis reports, unconfirmed, said that another drive, further south, had carried within six miles of Rostov, at the mouth of the Don, gateway to the Caucasus.

While admitting territorial losses which threaten to isolate the vital Caucasus and perhaps to force a general Russian withdrawal in the south to the line of the Volga River, Moscow said 35,000 of the enemy had been killed or wounded in a 10-day period in the Voronezh sector. An important point west of Voronezh was reported recaptured.

This sector, about 300 miles from Moscow, is the northern anchor of a badly dented line upon which Marshal Semeon Timoshenko's armies are opposing the all-out German effort to break through to Stalingrad on the Volga and isolate the oil-bearing Caucasus region, path of a main Allied supply route into Russia.

The Russians, Moscow reported today, have hurled back reinforced German detachments in one sector of this front, in the Don valley, and are maintaining a stubborn defense in others

War Today

Laval in Uneasy Seat as U. S. Request to Move Ships Refused

By DE WITT MACKENZIE (Wide World News Service)

Pierre Laval, pro-Hitler chief of the Vichy French government, appears to have maneuvered himself into an uncomfortable position by his uncompromising attitude toward President Roosevelt in the matter of the nine French warships at Alexandria, Egypt.

The president made two proposals to Laval for the removal of the warships from this threatened naval base to a safe haven. The French sailors were to be repatriated immediately and the ships were to be returned to France after the war. It was a friendly offer, quite as beneficial to France as to the rest of the Allies.

But Laval rejected the suggestion and countered with the absurd request that the ships be delivered to a French port in the Mediterranean. This, of course, would keep these valuable fighting machines within possible Nazi grasp.

With the second rejection, Mr. Roosevelt informed Laval that in his view the British would be warranted in destroying the French ships to keep them from falling into Axis hands. The British probably will do just that, unless they adopt the alternative of removing the ships through the Suez Canal to a safe place.

Thus Laval in one nasty gesture has widened the breach between his government and the Allies, who have persisted in trying to help France despite his attitude and he has created the possibility of losing his ships to boot.

AMBUSH REVEALED BY NAVY LED TO SMASHING OF PACIFIC JAP FLEET

(Continued From Page One)

Alaska, the Panama Canal or the Pacific Coast.

Consequently U. S. naval forces were deployed along the 1,700-mile front between Midway Island and the Aleutians in the North Pacific. Throughout the danger area, bases were reinforced with long-range, land-based aircraft. Thus, the Navy made clear, the fighting forces under supreme command of Admiral Chester W. Nimitz, Pacific fleet chief, were ready when the blow fell.

This was further borne out in a supplementary account which said that "the full fury of the U. S. naval force lying in ambush off Midway was poised to strike—once the quarry was overtaken."

The following account of the battle is taken from the Navy communiqué and supplementary reports based on voluminous communications from commanders in the field.

Enemy Sighted—At 9 A. M., Midway time, June 3, Navy patrol planes found an enemy cruiser and transport force in five huge columns about 700 miles west of Midway, coming in.

Simultaneously, a Japanese battle force of carriers and battleships were coming in from the northwest. Army fortress bombers and Navy patrol planes damaged a cruiser, a transport and probably sank and damaged other vessels in an immediate attack.

Battle Joined—Army and Marine planes from Midway attacked main battle force early next day. Four Army planes attacked two carriers and probably made a torpedo hit on one. Two of the four planes were lost. Six Marine planes attacked and probably got one torpedo hit on an enemy ship. Five of these planes were lost.

Sixteen Marine dive bombers got three hits on a carrier, probably the Soryu. Only half of those planes returned. Eleven Marine dive bombers reported two hits on a battleship. Sixteen Army heavy bombers made three hits on carriers in high level attacks.

Meanwhile, at 6:35 A. M., soon after the American bombers had left, Midway was attacked by Japanese carrier-based bombers. Out-numbered Marine fighters and anti-aircraft guns shot down 40 enemy planes.

UPWARD OF 160 REGISTRANTS GIVEN TESTS

Result of 'Screen Tests' Here Tuesday Night Not Available

In preparation for the sending of another large contingent of Fayette County men to Columbus for final physical tests and induction into the armed service, within the next few weeks, approximately 160 men were given the preliminary or "screen tests" at Memorial Hall, Tuesday night.

Four physicians and two dentists were kept busy doing the work, and the results have not been announced.

These tests are usually light, but include blood tests, and invariably quite a number of the registrants called for examination are thrown out by reason of bad teeth, hernia or other trouble.

However, as result of these preliminary tests, the percentage of men turned down in the final examinations at Columbus is greatly reduced.

Date for final tests of those who passed the examinations Tuesday night will be announced later.

Waldron's squadron scored several hits and shot down some Japanese fighters before it was wiped out. The American carrier planes arrived in force. The Navy described the ensuing fight as "such an aerial circus as never before had been witnessed so far at sea."

As a result of the ambush the Japanese carriers, Kaga, Akagi Soryu were severely damaged and set afire. Two battleships were hit, one of them left burning fiercely, and one destroyer was believed sunk.

Ambush Discovered—By this time the enemy had learned of the American Naval force which included at least three carriers. Planes from the then undamaged carrier Hiryu attacked the Yorktown and her escort. Four bombers out of 18 made three hits on the American ship. The rest were destroyed. A torpedo plane attack followed and although all 12 to 15 planes in this wave were shot down, they put the Yorktown out of action. Her aircraft then began operating from the other American carriers.

Meanwhile the Yorktown's planes had found the Hiryu, hit her repeatedly and left her blazing from stem to stern. She sank the next day. Moreover, two enemy battleships were pounded heavily by these American planes and a heavy cruiser was severely damaged.

About the same time, a U. S. submarine put three torpedoes into the smoking Soryu, which later exploded and finally sank that night. At sunset Army bombers scored three hits on the damaged Akagi, one hit on an unidentified large ship, one hit on a cruiser which was left burning, and one or more on a destroyer which was believed sunk.

The Kaga and the Akagi and the Soryu sank during the night. United States forces had won mastery of the air about Midway.

The Chase—Despite unfavorable flying weather to the northwest, where the remnants of the crippled enemy force were retiring, fortress bombers made contact and hit a damaged cruiser early on June 5. Another Army bomber force hit a heavy cruiser. About noon, Marine Corps aircraft also scored a cruiser hit.

Army heavy bombers scored three direct hits on a heavy cruiser. Meanwhile, carrier planes were seeking the enemy in unfavorable weather. The carriers

Milton Eastman underwent a tonsilectomy at the office of Dr. J. H. Persinger on Tuesday morning.

Mr. Loren Hays left Tuesday for Camp Allen, Norfolk, Va., where he entered the U. S. Navy, having enlisted recently.

Mrs. Lizzie Allen, of West Lancaster, underwent a major operation at White Cross Hospital, Columbus, on Tuesday. She is getting along as well as could be expected.

On the honor list of Ohio State University, Columbus, for the spring quarter, two Washington C. H. young men were listed. They were Mr. Robert E. Frost and Mr. Ralph D. Engle.

Mr. and Mrs. Clarence Engstedt and baby daughter are living at 436 South Fayette Street, having moved here from Nebraska. Mr. Engstedt is engaged in work at Patterson Field.

Mrs. Robert Hawk received word from her husband, Corporal Robert Hawk, saying he was located somewhere in Great Britain. The letter was dated June 25th, sent by V mail, first to be received here in this post office.

Little Mary Jo Reiff, three year old daughter of Dr. and Mrs. N. M. Reiff, underwent an operation for the removal of her tonsils on Monday morning at Mt. Carmel Hospital, Columbus. She was brought to her home on Rawling Street Tuesday morning.

Sergeant John Burnett, formerly WPA engineer for Fayette County and also formerly in the U. S. Air Corps, now stationed at Ft. Belvoir, Virginia, near Washington, D. C., with the U. S. Army Engineers, in which he enlisted as a private was visiting friends here Tuesday on a short leave of absence.

themselves were steaming in full pursuit.

On June 6, carrier aircraft picked up two groups of enemy vessels, including cruisers and destroyers. The cruisers Mikuma and Mogami suffered two bomb hits each a destroyer was sunk. The Mikuma was sunk that afternoon and the Mogami went down later. Another enemy cruiser and a destroyer were hit.

It was in this action that the destroyer Hammann was sunk—the victim of a submarine torpedo.

After June 6 repeated attempts were made to find the fleeing enemy but without success. It was in one of these searches on June 9 that Major General Clarence L. Tinker of the Army Air force was forced down at sea and lost while leading a group of long-range Army medium bombers.

NEW DEALER WINS

OKLAHOMA CITY, July 15—(P)—Josh Lee, 50-year-old senator and New Deal champion, won Democratic renomination over nine opponents by a clear majority in unofficial returns from yesterday's primary election.

SATURDAY NIGHT ACCIDENT FATAL TO SABINA MAN

Four Others in Two Cars in Head-on Crash on CCC Highway Recovering

A head-on collision on the CCC Highway, just west of Sabina Saturday night, today claimed the life of one man while the other four occupants of the cars were still nursing cuts and bruises.

Joseph Clark Leach, 48, died in McClellan Hospital in Xenia at 7 A. M. Wednesday of the internal injuries sustained in the crash of his car with that of Dudley Hampton of Wilmington. Leach was the only one of the five persons in the two cars who was seriously injured.

Mrs. Leach is now recovering at her home in Sabina but is still confined to her bed. Elmer Leach, her son, was cut and bruised but able to be up and about.

Neither Hampton nor Mrs. Irene Brannon, who was said to have been with him at the time of the accident, was seriously injured.

The Leach family had lived a short distance west of Sabina, where Leach operated a filling station on Washington Street (the CCC Highway) at the eastern edge of the village, for several years. They had many friends both in the town itself and among the people of the community. In addition to his widow and the son, who were in the car at the time of the accident, Leach is survived by two daughters, Miss Thelma and Miss Beulah, both of whom live in Washington C. H.

The fatal accident occurred, it was said, as Leach, his wife and son were on their way home after having finished a long day at the filling station. Hampton's car was headed east.

Funeral services are to be held at the Littleton Funeral Home in Sabina at 2 P. M. Friday with Rev. M. T. McDonald, pastor of the Methodist Church at Reesville, officiating. Interment is to be in the Sabina Cemetery.

Friends may call at the home until 11 A. M. Friday.

FREIGHT IS DOUBLED ON B. & O. DIVISION

Business on the Baltimore and Ohio Railroad on Ohio increased 115.47 percent over the business of June, 1941, according to J. F. Roberts, division trainmaster.

Last year in June a total of 1,104 freight trains were operated over the Ohio division, accumulating 132,617,000 gross ton miles.

In June, 1942, there were 1,954 freight trains with a total of 285,746,000 gross ton miles.

Moving a ton of freight one mile is a "ton mile."

All plants depend on their leaves for food to produce roots.

ATTACK ON SIBERIA BY JAPS SCENTED AS FLEET COMES HOME

(Continued from Page One)

ably is concentrating in Japanese waters of the north Pacific. The direct cause for this was said to be the naval losses suffered by the Japanese in the battles of the Coral Sea and Midway.

In the theaters of active war in the far Pacific the MacArthur headquarters in Australia reported a new bomb raid yesterday on the Japanese airport at Salamaua, New Guinea, and the Chinese acknowledged that the Japanese had captured Wenchow, an important port of southern Chekiang province.

The Chinese, thus confirming a Japanese announcement of last Saturday, said the attackers were impelled by fear that the port would become an Allied air or naval base.

The spokesman pledged that the Chinese would intensify their counter-attacks, and thus prevent transfer of any Japanese forces from China to other areas.

The main Japanese offensive now has cut a swath down across Chekiang from Hangchow to the sea at Wenchow and another from Hangchow south and southwestward in a junction with Japanese troops in adjacent Kiangsi Province.

Australia normally produces a 40-million-dollar fruit crop.

'SECOND FRONT' WANTED BY REDS TO DIVERT NAZIS NOW MENACING RUSSIA

(Continued from Page One)

Whatever the pros and cons, public sympathy for the reported renewed pleading of Soviet Ambassador Ivan Maisky was demonstrated in mass meetings over the week end at Glasgow and Liverpool. Both demanded a new front and all aid for Russia.

Soviet strategists, whose names may not be mentioned, say they are not satisfied that the British air offensive, hampered lately by bad weather, is heavy enough threat to divert German troops.

Serious Business

On the other hand, military sources here foresee a second front as more than just a big hit-and-run affair—one requiring exhaustive preparations. And they do not believe, they say, the situation in southern Russia has reached a point where an American-British invasion of the continent is essential to save Russia's armies from being overrun.

Although the Russians are being driven back, they said, there is no indication that any of the main Soviet armies had been broken or surrounded by the advancing Germans.

The condition of the Red Air Force after more than a year of constant fighting also is worrying experts here who said they believed the effect of heavy German air reinforcements already was being felt on the battle front.

Yanks in Training

The offensive training of a vast American-British Army in these isles, meanwhile, is progressing favorably, according to military sources who emphasize the Allied need not only for heavy shipping but for barges and tank lighters and landing operations.

"All preparations for opening a second front are under way and the objective is a front which will be permanent, not only a large hit and run raid," said one informant who would not allow his name to be used.

COMPETITION DEVELOPS BETWEEN OIL AND FARM GROUPS TO MAKE RUBBER

(Continued from Page One)

essential civilian motoring.

His company, the Standard official said, believed in any program "that will give our nation the most rubber, in the shortest time, with the least possible drain on vital materials—no matter what process is used, no matter what the material, whether it is grain, or coal, or oil, or all three."

Farish explained that the debatable question in the rubber program was how far it would go toward meeting essential civilian transportation needs.

Confesses as Spy

Richard Friedrich Freundt, above, a member of an alleged German spy ring, has pleaded guilty to a charge of espionage in Brooklyn federal court.

FARM BILL COMPROMISE TO RELEASE SOME GRAIN FOR FEED FACES TROUBLE

(Continued from Page One)

today on the ground of no quorum.

Despite predictions by some House conferees that the proposal would be accepted by the Senate, Senate Majority Leader McNary asserted it would meet stiff opposition. Some said they thought the President would veto it.

The administration wants to release the surplus wheat to feed livestock for meat needed in the war program, they said. Under the Cannon proposal, they explained, farmers would not buy wheat for feed, because they could get corn cheaper.

One possibility was that the Senate would refuse to accept the proposal if the House approved it. This would force appointment of new conferees to replace those who have been trying since May to resolve differences between the two branches.

REDS BALK NAZI MOVE TO TRAP THEM—RESERVES SENT TO LINE BY HITLER

(Continued from Page One)

after giving up more ground on the steppes within the Don River bend.

Germany's not-to-be-minimized gains in Russia have cost her a pretty price, the Russians said, and she is paying it at the expense of her western European positions.

War in Egypt

In the Egyptian theater, the British continued to hold Marshal Rommel's forces before El Alamein, 70 miles west of Alexandria.

Axis tanks and infantry launched a third attack on the British-held height, Tel El Eisa (Hill of Jesus) at dusk yesterday. British headquarters announced, and the battle lasted into the night.

The RAF, still playing a prominent role in the defense, assailed the enemy both at the front and at Tobruk, Rommel's main port of entry for supplies in Libya. Patrols and maneuvering desert columns clashed along the whole line between El Alamein, at the Mediterranean shore, and the impassable Qattara depression, some 30 miles inland.

The Italian communiqué said that strong enemy patrols were attacked on the southern wing of the El Alamein front and "repulsed eastward."

British air raids last night on the Italian island of Sicily and on the Calabria region of Italy proper were announced by Rome.

The London Admiralty meanwhile credited light naval forces with destruction of a heavily escorted German tanker off Cherbourg, France, this morning, and damage to two escorting trawlers.

Acid Indigestion

What many Doctors do for it

When excess stomach acid causes gas, sour stomach or heartburn, doctors prescribe the fastest-acting medicines known for symptomatic relief—medicines like those in Bell's and Tablets. No laxative. If your very first trial doesn't prove Bell's and Tablets better, return bottle to us and get double your money back. 25c.

WATER SERVICE!

KEEP the Telephone Lines CLEAR for VICTORY

The weight of war on telephone lines is heavier every day... We can't build new lines because materials are not available. We must make the most of the service we now have... Here are suggestions that will mean better service for everybody and give war calls the green light.

On Long Distance calls

- 1 Make only necessary calls during the business day.
- 2 Avoid the rush hours. Call between noon and 2 P. M.; or between 5 and 7 P. M.; or after 9 P. M. and before 9 A. M.
- 3 Plan what you want to say so the call will be brief and a call back unnecessary.
- 4 Whenever possible, call by number.

On Local calls

- 1 Be brief.
- 2 Pre-plan your conversation so nothing is forgotten.
- 3 See that the members of your family do not make unnecessary calls.
- 4 If you share a party line, be considerate of the other fellow.

This thoughtful use of telephone service can help win the war. We know you will cooperate.

FARMERS HERE 'SITTING PRETTY' BY COMPARISON

GRAIN STORAGE REAL HEADACHE IN WHEAT BELT

New Crop Poured in Houses
And Piled on Ground in
Prairie Sections

Fayette County's farmers may think they have their troubles—but this is one year when they are really 'sitting pretty' by comparison with the predicament of the farmers in the wheat belt of the midwestern prairies.

Surplus grain has long been a sore spot in the country's agricultural economy and storage has come to be an increasing problem. The situation has been especially acute in the wheat belt, but it has been felt to a lesser degree here.

Faced with an inescapable shortage of storage space, Fayette County agricultural leaders started out early with an educational campaign designed to acquaint Fayette County farmers with the situation. As a result, they may have to pour some of this year's crop in improvised bins and other storage places at some expense and inconvenience but their troubles are as nothing compared to those of the wheat belt farmers.

Best Wheat Stories
If there is anything to that old adage about misery loving company, here are just a few of the stories that come through the Associated Press from the wheat belt:

A Western Kansas farmer looked unhappily at the biggest and best wheat crop in years—then in desperation, moved family belongings from his living room and filled it with the ripe grain.

Down in Vega, Tex., they're using a hotel for a wheat storage elevator. In Hemphill County, Tex., they've boarded up a school house for storage space.

And so it goes throughout the grain belt.

Other farmers are using garages, steel tanks, vacant store buildings or just letting the grain pile up on the ground.

All public elevators in terminal cities are full, with last year's huge carryover creating the worst wheat storage situation this country has ever seen, Er- and Carlsson, chief Kansas grain inspector, said as harvest of the near-record 1942 crop reached its peak.

Carload after carload of knocked-down, wooden grain bins have been shipped into the state.

Nevertheless, growing piles of the new crop are appearing on the ground, with no protection against weather.

"I hope it won't stay there long," Carlsson added. "We're going to need every bushel of this huge crop before this war is over. I'm glad to see that every effort is being made to get every kernel of it under cover."

Weather in the wheat belt normally would not do excessive damage to grain piled in the open, he said, although some waste is inescapable.

What complicates the 1942 harvest, he explained, is the huge carryover supply, totalling 630,000,000 bushels as compared with a normal carryover in past years of 125,000,000 to 150,000,000 bushels.

The Kansas wheat harvest this year will produce an estimated 175,000,000 bushels, compared with a normal yield of 147,000,000, he said.

With a Buckeye In Congress...

By CLARENCE J. BROWN
Member of Congress, 7th Ohio District

Motorists should not take too seriously the play-up in glaring headlines of the President's statement, in a press conference late last week, that it may become necessary for the government to seize and confiscate tires from private automobiles in order to obtain needed rubber for the war effort. The Presidential statement was made as a portion of an answer to questions from reporters regarding the rubber situation. Mr. Roosevelt pointed out that no one fully understood the rubber question; that it was still uncertain just what rubber supplies might be obtainable in the future; that no one knew what the real demand for rubber would be, and that he was more interested in winning the war than in conserving rubber. However, there is practically no likelihood that conditions will ever become so serious that tires from privately owned automobiles will be confiscated by the government to obtain rubber.

There have been a number of new developments during the past two weeks in the rubber situation. The scrap rubber collection totals are expected to pass the four hundred thousand ton mark. Department of Agriculture officials make public a new process for producing synthetic rubber from the oil of soybeans, corn, cottonseed, peanuts, and other farm products. The famous Dow Chemical Company of Midland, Michigan, announces one small plant will be producing, by the end of this summer, a sufficient amount of Thiokol—a synthetic rubber made from salt, sulphur and other non-strategic materials—to recap a million tires a month, providing there is no delay in obtaining construction material. The company is ready to build additional plants, if permitted to do so. The famous French-American scientist, who gave the world the Houdry Process now used by practically all oil companies for the production of high octane gasoline, has developed a new and cheaper process for the manufacture of synthetic rubber. Engineers representing the largest oil com-

People To Know

(By Iris Lee Sparks)
Known to nearly every farmer, packer and dealer and considered one of the best livestock men in the state is tall, lanky McKinley Kirk.

Grimacing down at me amiably with twinkling eyes ("The only licking I ever got in school was for grinning—I couldn't stop and it apparently irritated the teacher," he remarked), I was enlightened by the information that Kirk's real name is McKinley Kirkpatrick and that his grandparents were born in Ireland.

He is one of the few men who neither drink nor smoke; shyly boasts "and I never swore till I was twenty-one or two."

Born in New Holland, married to the former Miss Doris Kelly, and driver of a maroon station wagon, Kirk, after graduation from high school worked on a farm, began to buy and sell stock, gradually becoming a dealer as well as a farmer. When the depression came, he went broke. Kirk boomeranged back though into a successful stock dealer career and for over a year worked from 2 A. M. to 12 P. M. four nights a week. Perhaps this is one reason his friends might refer to him as "a human dynamo with personality plus" and makes him refer to himself as "a slave driver."

Included in his business interests are about half a dozen farms, the Washington and Wilmington Stock Yards and the McKinley Kirk Oil Station here.

When asked about national events, Kirk stands firmly with the group that believes we help Great Britain, Russia and China

Have You 'Made Good' That Pledge

too much, need more protection ourselves, and shouldn't take such an active part in fighting Hitler and the Japs until we are better prepared.

His one pet diversion is horse racing. Abbe M. his two-year-old filly, has the second fastest record (2:07 3/4) in the world, for

the half mile. Hustler (2:08 1/4) won first place last year. These two and his other two-year-old, Deariemite (2:09 1/4) are now at Marion, Ohio, getting ready for the July 30 races.

Kirk's recipe for success could well be (and appears to be) "Work hard—and don't worry."

TROUBLE ON THE FARM

The statistics show that farm income has risen substantially during the past year. What the statistics do not show is that the farmer's costs have also risen heavily—and that such problems as labor are getting steadily worse.

Dairy farming is a case in point. Cows must be milked twice a day, seven days a week. Also experienced labor is necessary. But the farmer must pay several times as much for this kind of labor as he used to, even when he can get it. In many areas, it is virtually unobtainable at any price. Workers have gone to the cities, attracted by the high wages and relatively short hours of war industries.

The consumer wants cheap milk, and in many states milk is a public utility, with its price controlled by state boards. But the farmer can't sell milk at a fixed price if his labor cost steadily rises. As yet, no one seems to have any feasible solution to this problem. It simply illustrates that, contrary to the belief of many city people, everything isn't perfect down on the farm.

ABOUT SUGAR

The continuous current controversy over the sugar supply is unfortunate. What are the real facts? Does anybody really know? Why can't we be told frankly and honestly just what is what?

However it may be settled, there will be those—not fifth columnists or sixth, but just ordinary suspicious and bellicose patriots—who will argue that the whole business has been badly bungled. These critics will be second guessing, so they will have plenty of embarrassing material at their command.

The Office of Price Administration says firmly that sugar stocks on hand are not as large as the public believes, that the sugar shipping situation may not continue as favorable as in the past few months. OPA, while making two extra pounds of sugar available between July 10 and August 22, still maintains that it is not possible to assure permanent increases in the weekly ration.

The real dispute is between those who believe sugar will continue coming in at the present pace—and therefore the public should be given a fatter allowance—those who fear shipments may fall off soon, and argue that a stockpile must be built up to insure against future shortage.

The original decision to ration sugar appeared justifiable, in view of the shipping situation and our need for molasses from which to make alcohol for munitions. However, instead of 1,300,000 tons of sugar for munitions, we found it necessary

Washington at a Glance

Britain's parliament can't afford to express a lack of confidence in Prime Minister Churchill quite largely because Americans have so much confidence in him, according to hints from sources in London.
No doubt John Bull's system is pretty generally understood here, but for the benefit of folk who may be unfamiliar with it, it's like this:
A national election of members of the house of commons is pulled off. That preliminary having been attended to, the recognized leader of the winning party gets the premiership, approximately corresponding to our presidency. The incumbent hangs on indefinitely, unless he resigns, up to a maximum of seven years, when another election's due automatically. In the meantime, however, suppose one of the commons decides that the cabinet head is mismanaging his job. In such an event he moves a vote of censure (parliamentary "lack of confidence") and a ballot's taken. If it goes against the prime minister, he's chucked out forthwith and another national election's in order, though the official bird may waive it in favor of somebody else who is parliamentarily acceptable immediately.
It's suggestive of a loose program, but the British haven't a written constitution, so there's considerable variability in the program.
Lords Count Little
The house of lords may appear

Flashes of Life

He's Out of the Woods, but Where's the Cache?
ELKINS, W. Va.—(P)—Unless somebody has found it, there's a cache somewhere in Pocahontas County that will yield equipment worth quite a few dollars. It seems a city fisherman untried to the wilds of the West Virginia hills went on a trout-fishing jaunt by himself and got lost. After wandering for some time, he decided to hide his paraphernalia in a tree and proceed unencumbered on his search for civilization. The things he cached included a camera, fishing rod, reel and other equipment. He finally turned up at Dublin and told of his misfortune. Then he realized that he had not the faintest idea where the tree was.

Long Journey Home
BRECHIN, Scotland—(P)—When Johnny Voden, 11-year-old Birmingham evacuee, grew homesick he jumped on his bicycle and pedaled 400 miles home in three days, losing four pounds in weight and spending about \$1.50 for food.

Grab Bag

- One-Minute Test**
1. Who was the first woman to address the graduating class of the United States Naval Academy at Annapolis?
 2. What was the first name given to Australia?
 3. What government department issues licenses for radio stations?

Hints on Etiquette
If your child plays, sings or recites well, and you think guests will enjoy hearing him perform, ask the youngster to do so, but don't insist if the child doesn't want to. It is embarrassing to the guest.

Today's Horoscope
Imagination, keen mental perception and a fine sense of humor are outstanding attributes of the person who has a birthday today. Sue a person, is, however, inclined to worry over little things. He or she is popular and should have a congenial married life. A false woman friend may cause this person annoyance during the coming year, but some good will come through a secret matter, also literary activities, love affairs and travel. Born on this date a child will have strongly developed maternal instincts, and be ready to forfeit even life itself for offspring if necessity arose. Moderate good fortune is assured.

- One-Minute Test Answers**
1. Amelia Earhart.
 2. New Holland.
 3. Federal Communications commission.

to use only 400,000 tons. The balance came from grain.

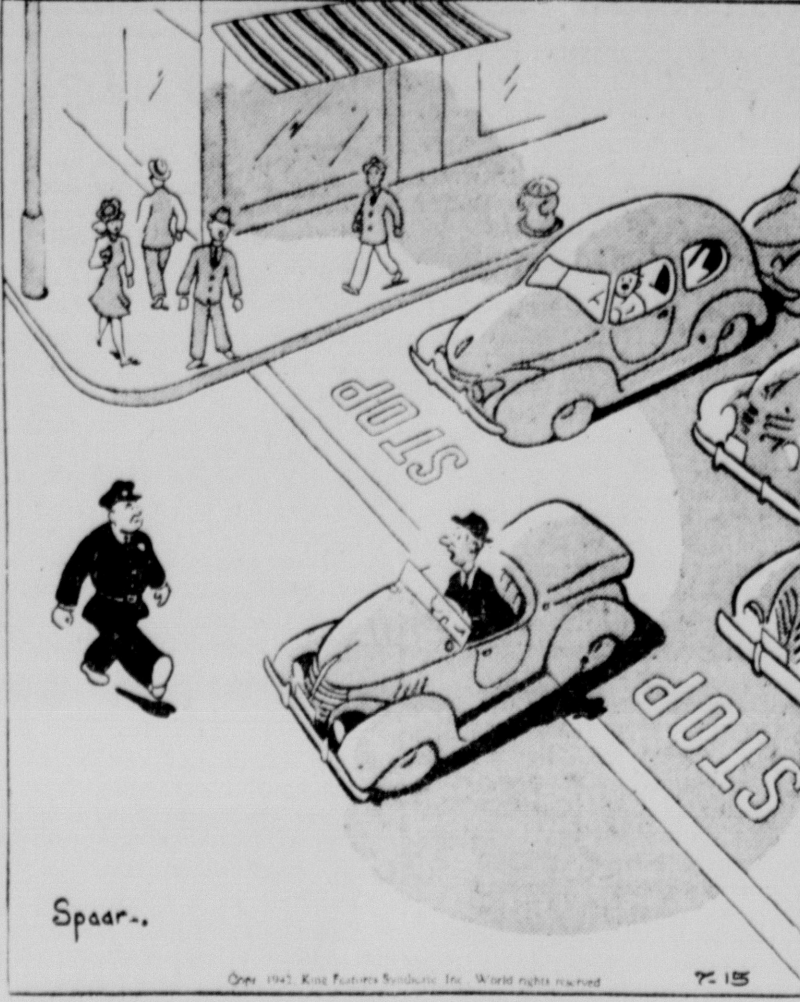

At the same time ships returning from Hawaii were able to bring back more sugar than we had expected; and ships from South America have been able to drop in at Havana and pick up more of the cane product. Also, domestic beet production shot up once the government lifted the heavy hand of planting quotas.

So we have achieved an apparent surplus. Reports say that a Houston refinery has had to close down because more than 30,000,000 pounds of refined sugar are bulging its warehouses; that a New Jersey plant has shut down because of too much refined and too little raw sugar; a congressman alleges that we are paying seven corporations for not producing sugar.

If the government decides to increase the sugar allowance, some will say the bureaucrats went too far in the beginning. But if, with the existing surplus, the moguls decide not to flavor the national sweet tooth, they can expect a mighty and devastating protest.

Bridge playing discourages conversation—but, like golf, often improves the vocabulary.

Diet and Health

No Reason To Fear Use of Germs as Secret Weapons

By LOGAN CLENDENING, M. D.
THE FEARS that are frequently expressed, of a secret weapon consisting of the spraying of germs by enemy action, are not based on very sound or extensive knowledge. Modern hygiene is competent to protect both the civilian population and the armed forces against most of the types of infection now known—in fact, it is part of the duty of the Sanitary Corps to carry out measures of such protection.

In 1880 it might have been possible to infect a camp or a city water supply with Asiatic cholera or typhoid fever but now the water supply is automatically tested and preventive measures are put in operation, so that even if an enemy infected the supply, this would not constitute a menace.

Very Vague Dream
The dream frequently exploited of an enemy dropping bombs loaded with germs gets very vague when it begins to describe what kind of germs they are. It would be possible to infect the ground with the germs of tetanus or lockjaw, but all the armed forces are protected against this by the use of toxoid.

We know very little about the conditions under which such germs as those that cause pneumonia are propagated and where or how they rest before infection starts. We probably have as much pneumonia around us all the time now as it is possible to have and looking additional carriers or additional concentrations of dust containing pneumonia germs would not add any menace to life.

Difficulties of Success
Besides that, scattering germs over the earth for a successful operation would have to take into consideration the climate and the kind of earth on which the germs were sprayed. For instance, it would be possible to spray a fungus called *ecceidoides* and this

Romance Thumbs a Ride
by ALLEN EPPES

CHAPTER TWENTY-SEVEN
"WILL YOU do it—act as my hostess, Dian?"
Dian shook her head. "Sorry, Jerome," she said. "That's what I tried to tell you. I've got another engagement for Thursday night. Claire Lester's invited me to a dinner she's giving at the club." She was quick to see Jerome's disappointment, and said, "I have an idea!"
"What is it?" Jerome wanted to know.
"Let Aunt Martha be your hostess!" she waved Jerome to silence as he started to speak. Aunt Martha's wonderful at that sort of thing—much better than I am. Besides, I happen to know she has a perfectly scrumptious evening dress she'd adore wearing."
"But, Dian, my dear," said Jerome, "you know I hope to make you my wife some day, and—"
"Why, Jerome!" Dian said, pretending to be surprised.
"We'll go into that later," Jerome said. "But what I mean is that having you act as my hostess at the country club would give you some—experience, and let me see if you have the—ability—"
"To fill the place of a banker's wife?" said Dian. "Is that it?"
"Well—yes—in a way."
Dian laughed. "Jerome, one could never accuse you of being a wild and eager lover," she said. "Frankly, I don't relish the idea of being tested, so to speak. So I think you'd better not count on me."
"But there's so little time to get anyone else," said Jerome.
"Aunt Martha's out in the car," said Dian. "I'll send her in, if you wish."
"Very well," said Jerome in a resigned tone. "And you can unload the candy also."
"Thanks," said Dian. She walked to the door. She paused there, looking back at Jerome. "And another thing, Jerome," she said. "I think Aunt Martha's far better fitted to run a banker's mansion than I am."
Jerome frowned. "That," he said somewhat coldly, "is a matter for me to decide."
"Yes, I suppose it is," Dian said. "Only I just thought I'd tell you. She went on out. At the car, she

War Program Sweeps U. S. Like Tornado

By JAMES MARLOW and WILLIAM PINKERTON
(Wide World News Service)
WASHINGTON, July 15—The war economy has raced across America like a Kansas tornado, hitting here and skipping there with no apparent reason.
Across America, towns bulging with war workers and booming with war business sit beside towns full of vacant homes and vacant shops.
Both the boom town and the wartime ghost town are found in every region. There are towns, too, that are "getting along"—no boom, no depression, just business as usual. The business has changed—the shoe factory turns out army boots, the metal shop makes gun parts—but the town goes along about the same.

The boom is not limited to big cities, and the depression hits not only in the small towns. This is the over-all picture seen in confidential reports from government field agents.
Here's How They Hit
Hits: The big centers of bustling business are pretty obvious—the steel mill towns of the north and south, Detroit with its converted automobile plants, lower California's aircraft centers, the machine tool sections of Ohio and Pennsylvania, the shipbuilding centers along the coasts, the old army arsenal towns. With these go hundreds of small cities whose shops were fit for conversion, whose location was right for sub-contracting.

Less-obvious regional industries have given a boost to business in other places—the lumber industry of the west coast, with a growing backlog of unfilled orders, Minnesota's iron range, the copper mines of Utah and Arizona, the chromite and manganese centers in California, the centers of electrical manufacture in New York State and New England, shoe towns and textile towns adapted to filling orders for the armed services.
Add to these the overnight bonanzas where army camps or naval training centers have given business a sudden push.
Despite the shortage of farm labor, there is general agreement, too, that towns which buy and sell from the farms are mostly doing all right. The farmers' income has increased, and transportation bobbles are forcing him to do more shopping near home.
They Miss Like This
Misses: New York City, financial capital of the nation, is reported drooping. There are few war industries in Manhattan. The city's largest industry—the 200,000-man apparel-cutting and needle trade—has slowed up for lack of materials. Foreign trade, life blood of the great exporting and importing business, has been cut to a trickle. In the merchandising centers, the outlook seems grim. The bulk of white-collar workers have not shared the big pay increases of the wage earners in factory towns.
In the middlewest, sluggish areas often house factories built for sheet metal work, metal stamping, automotive trades, miscellaneous wood products or gray-iron foundries—industries which seem likely war-workers but which are equipped only for limited jobs in the war drive.
Wherever farmers till the soil the promise of good crops is encouraging, but the nightmare of good crops without farm hands to harvest them is ever-present. Harvest days will show how successfully this shortage can be met.
That is the broad-brush picture.

HEROES DAY!

Friday, July 17, has been set aside to honor the brave boys of Fayette County who are fighting now on every battle front to protect our freedoms and the flag we live under. To these brave boys . . . to the heroes of all our wars, we, the people of Fayette County, dedicate American Heroes Day. We pledge that on this day we shall honor our heroes in the best possible way . . . by redoubling our own efforts to win the war . . . by buying U. S. War Bonds and Stamps in record-breaking numbers so that our boys will have the tools they need to finish the job.

This day, an American Heroes Day, let's show our boys in service a real parade—by making this the greatest one day sale of War Bonds and Stamps in history! Out there in the field, our soldiers need tanks and guns and planes. Don't fail them by giving 'too little . . . too late.' The time is short. Buy that extra bond TODAY . . . no matter what else you have to give up. Let's show the world that the people of Fayette County will give up anything—but Freedom! Buy a Bond now, on this special day . . . and then keep buying them every pay day till Victory brings our heroes home!

Fayette County's Quota of War Bonds and Stamps for HEROES DAY Is \$5,000.

Della Lindsey Is July Bride of Floyd Lynch

Eliciting the good wishes of their many friends, is the announcement of the marriage of Miss Della Lindsey, daughter of Mr. and Mrs. Frank Lindsey, of Jasper, Mo., to Mr. Floyd Lynch, son of Mr. and Mrs. W. B. Lynch, of Washington C. H.

The wedding was an event of Monday evening, July 13, at half past eight o'clock, with Rev. Henry Leeth officiating. Miss Viola Lindsey, a sister of the bride, and Mr. Jasper Flowers, were their attendants.

For her marriage, the bride had selected a poudre blue crepe, with which she combined white accessories. Her flowers were a corsage of pink roses and baby breath.

Miss Lindsey's costume was of navy blue with white accessories and a shoulder corsage of yellow roses.

Mrs. Lynch, who is a talented young girl of beauty and personality, has won much praise for her dancing for a number of years, having danced in several of the larger cities of the country.

Mr. Lynch is employed at Stone's Grill here.

At present the young couple will make their home at the Washington Hotel. They plan to take a wedding trip in the near future.

Hamburger Fry Precedes July Class Meeting

A hamburger fry on Tuesday evening held at the Circleville Roadside Park, preceded the regular July business meeting of the Crusaders Class of the Church of Christ. Hamburgers cooked on the outdoor oven and served with several accessory and tempting dishes were served to the group, the park providing an ideal setting for the supper.

After enjoying the informal visiting and entertainment following the fry members returned to the church for a business session. Devotionals and the business meeting were conducted by the class president, Kenneth Bennett. It was decided to hold Sunday School attendance recognition to begin on Sunday, August 2. Awards for those having perfect attendance for the length of the contest will be presented at the Recognition Service at the close. A swimming party for Tuesday evening, July 21 was also planned and will be held at the pool in Xenia. Members are to meet at the church at 6 P. M. The meeting was closed with prayer by the class teacher, Mrs. Fred I. Gardner.

Lafayette Camera Club

The Lafayette Camera Club held an interesting meeting at the home of the club's president, Mrs. Gilbert Adams, Monday evening.

During the business session a decision was reached to cooperate with the Fair Board again this year in having the usual exhibition of amateur photography at the Fayette County Fair. Mrs. Adams, who has won many awards both here and elsewhere and is very highly esteemed in national as well as local photographic circles, is to be superintendent of the photographic section of the fair this year.

Tawanka Campfire Girls

Because of the summer vacation trips and other events that occupy the day of a young girl, the meeting of the Tawanka Campfire Girls on Wednesday did not have the attendance as usual.

During the meeting, which was held at the home of their leader, Mrs. John Forsythe, plans were made for their Fair exhibit.

Shepard-Greene

Announcement has been made of the marriage of Sgt. Harold P. Shepard, to Miss Dorothy Greene, of Des Moines, Iowa. The marriage took place on February 10.

Sgt. Shepard is the nephew of Mrs. Bessie Sanders, of East Temple Street, and is stationed at Des Moines, Iowa.

CAMPFIRE GIRLS WILL BE IN THE PAGEANT

The Tawanka Campfire group met at the home of Marilyn Ashley and made plans for participation in the pageant at the Fayette County Fair.

Lists of honors are to be prepared for the next meeting, and plans were adopted for head bands and ceremonial gowns. The hostess served refreshments at the close of the meeting.

The next meeting will be a picnic at the home of Priscilla Babbitt.

Covered dish supper at Washington Country Club at 6:30. Mrs. Dorothea Gaut, chairman.

Persons

Miss Sarah Jane Ackley, daughter of Charles Ackley and sister of Mrs. Dewey Sanderson, has gone to her sister's, Mrs. Bernice Smiga in Cleveland, for a week's visit.

Mrs. R. S. Bowen arrived Wednesday afternoon from Elizabethtown, Kentucky, for a week's visit with Mrs. Bradley E. Johnson.

Mr. and Mrs. Theo Edwards and son, Ronnie, and Mrs. Mary Burnett who have been visiting Mr. and Mrs. Hubert Follis the past two weeks left Monday evening to return to their home in Marion, Indiana.

Mrs. Kenneth McGraw arrived from Buffalo Monday evening for a week's visit with her parents, Mr. and Mrs. Leo Fedigan.

Mr. and Mrs. Paul E. Pennington were in Columbus Wednesday, returning through London, where Mr. Pennington played in the golf match between the Washington Country Club and the London Country Club.

Mrs. James Bolmer and daughter, Barbara, of Chillicothe, spent Wednesday with her sister, Mrs. Forrest M. Ellis, Mrs. Ray Griffith and Mrs. Ted Walker.

Mr. and Mrs. Harry Rodecker, of Columbus and their daughter, Mrs. Richard Gregg, and daughter, Nancy Ann, of Toledo, arrived Tuesday evening to be guests of Mr. and Mrs. J. Warren Hicks of the Miami Trace Road. Mr. Rodecker returned to Columbus Wednesday morning, but will join his family here Friday.

Mrs. Frank Garner has returned to her home in Ashville, N. C., after a two weeks visit with Miss Elizabeth Garner.

Mr. and Mrs. Charles Reinke, and daughter, Charilyn, and Mrs. Freda Joyce, were in Cheviot, Tuesday evening, called by the death of a friend.

Mrs. H. S. Sanborn, of Mammoth Cave, Ky., was the recent guest of Mr. and Mrs. Robert Craig.

Mrs. L. Loring Brock left Monday evening for New Orleans, Louisiana, to be with her daughter, Mrs. Robert L. Brubaker and Lieut. Brubaker. Dr. Brock motored her to Cincinnati.

Dr. and Mrs. R. M. Hughey were Columbus visitors on Tuesday.

Sarah Lyons Is New Primus of Gradale Beta

Eighteen members of the Gradale Beta Sorority assembled for a business meeting Tuesday evening at the YMCA rooms.

The meeting was conducted by the primus, Miss Helen Willis, with Miss Betty Lucas, the Tribune, and Miss Anna Lee Miller, the quæstor, giving reports.

The important issue of the meeting was to elect new officers for the coming year who will be Primus, Miss Sarah Lyon, pro-primus, Miss Norma Jean West, Tribune, Miss Martha Carter, Reporter, Miss Maurine Henkle, Quæstor, Mrs. Mary Graves, and Corresponding Secretary, Miss Betty Lucas.

The meeting was closed with "Follow the Gleam" and the benediction.

Three Guests Included with Kensington Club

Mrs. J. J. Kelley, whose entertaining is always most delightful, added another party to her gracious entertaining when she entertained the members of the Tuesday Kensington Club at her lovely home.

Although the summer weather was unusually hot, the home was refreshingly cool and enjoyable, adding a most delightful pleasure.

Garden flowers of every hue and variety were gracefully arranged throughout the spacious rooms, so ideal for entertaining.

A white pottery bowl of shasta daisies and baby breath was particularly admired.

Covers were laid for eight at the dining and one other long table, for the delicious dessert course, most appealing on a hot day. The two tables were centered with bouquets of small mixed flowers, artistically arranged in pretty watergardens.

Informal visiting and needlework were enjoyed during the afternoon, with Mrs. Kelley providing the many pleasures.

Mrs. Rose Hughey, Mrs. Grace Goodwin and Mrs. Gilbert Crouse were guests with the members.

WAYNE WONDER WORKERS JUDGE CLOTHES AT MEET

Judging was the feature of the meeting when the Wayne Wonder Workers met for the eighth time at the home of Winifred Hoppes. During the meeting the members judged their own dresses and comments were given on the clothing by the leader and other members. The dresses were graded and the grades recorded in each member's book. Plans for the fair exhibit were discussed and it was decided to hold the picnic for the parents after the fair.

Ellen Walker gave a talk on "Care For Your Garments" and Helen Surface gave one on "Alterations." Winifred Hoppes gave two talks, one on "Know Your Fabrics" and the other on "Fitting Yourself."

At the close of the meeting refreshments were served and games were played. Prizes were awarded to the winners of the games. It was decided to hold the next meeting at the home of their leader, Mrs. Betty Hoppes on June 24.

FAYETTE THEATRE BLDG. WASHINGTON C.H. Phone 9231

All Girl Band Is Coming Here on Next Wednesday

Lily May and her all girl band will be in Washington C. H. for one night only next Wednesday.

Lily May learned to play an old discarded fiddle formerly belonging to Grandpappy Tackett, who was a famous old-time fiddler of the Kentucky mountains.

There are 50 people with the show, including Gene "Nubbin" Cobb, "Granny Harper" and Little Clifford, Travis Twins, "Harmonica Bill" Russell and others. The big tent theatre will be located at Dale's lot on West Court Street.

The doors will open at 7 P. M. Performance will start at 8 o'clock.

Women, You Can Help Win War in an Apron As Well as a Uniform

Housewives of Fayette County, save your waste fats to make explosives. This is the edict given out by meat dealers who are ready to pay 5 cents a pound for them, so don't throw away a single drop of used cooking fat, for our supply of vegetable fats from the Far East is so reduced that it is necessary to find substitutes for them.

Fats make glycerine, and glycerine makes explosives, and this is one small way we can contribute toward winning the war. We need millions of pounds and it is estimated that in a city the size of Washington C. H. (10,000) enough glycerine would be produced for 80,000 pounds of gunpowder.

Those of us who are wearing a kitchen apron rather than a shiny new uniform in our great army of women need not feel that we are not doing our bit, for like a great many other things in the world, it is sometimes the little ones which turn the trick.

So, housewives, ponder the following four "do's" and four "don'ts", and carry on.

TO DO

1. Save pan drippings from roast ham, beef, lamb, and poultry. Save broiler drippings from steaks, chops, veal and bacon. Save deep fats, whether from lard or vegetable shortening.

NOT TO DO

1. Don't take less than 1 pound at a time to your meat dealer.
2. Don't take your fats to the meat dealer in glass containers or paper bags.
3. Don't let fats stand so long that they become rancid. If they do, the glycerine content is reduced.
4. Don't take your fats to the meat dealer on week ends if you can avoid it. Take them early in the week, if possible.

1. Save pan drippings from roast ham, beef, lamb, and poultry. Save broiler drippings from steaks, chops, veal and bacon. Save deep fats, whether from lard or vegetable shortening.

2. Don't take your fats to the meat dealer in glass containers or paper bags.

UNAPPRECIATED

That which we have does not seem so great,
'Til we have lost it and learn too late,
That we heeded not a priceless jewel,
Thinking it only a common tool.

Dear ones we love, but neglect to say—
How much we love them, 'till some dark day,
They leave us, perhaps ne'er to return;
Too late their blessing of love we learn.

The comforts, pleasures of every day,
We think not of, 'til taken away;
Lord, help us to see, appreciate
Our blessings now, not some future date.

MAY M. DUFFEE,

Good Hope

Class Meeting

The Open Circle Sunday School Class of the Methodist Church held an all day meeting at the home of Mrs. Stella Rife last Friday. A pot luck dinner was enjoyed at the noon hour.

Camp

A group of young people from the Methodist Church are spending a week at the Lancaster Camp Grounds chaperoned by Rev. and Mrs. Moon.

Mr. and Mrs. Dale Murray, Mrs. Clara Perry, Mr. and Mrs. Jesse Livern and son, spent Sunday evening with Mr. and Mrs. Alfred Camp, of Springfield, O.

Mr. and Mrs. Homer Wilson, Jr., and Mr. and Mrs. Russell Hatfield were Monday evening guests of Mr. and Mrs. Homer Wilson and family.

Mr. and Mrs. Frank Grubbs were Sunday dinner guests of Mr. and Mrs. Luther King.

Mr. and Mrs. Gail Jones, of Springfield, visited with Mrs. Ott Jones Sunday.

Mr. and Mrs. Fred Prosch and Mr. and Mrs. C. W. Perry visited Sunday in Hillsboro and Wilmington.

Mrs. Herbert Jones spent the week end in Wilmington with Mrs. Lula Babbitt.

Mr. and Mrs. Cecil Dixon and son, Gene, were Sunday visitors at the home of Mr. and Mrs. Marion Dixon, of Columbus.

Mrs. Herbert Jones and Miss Mable Lenore Strope were Sunday guests of Mr. and Mrs. Clint Forsythe at Salem.

Mr. and Mrs. J. E. Augustus and daughter, of Springfield, spent Sunday afternoon with Mrs. Mary Augustus and Mrs. Viola Kisting.

Mr. and Mrs. Fred Pitzer and son Freddie, of Centerville and Mr. and Mrs. Cy Down and daughter, Donabelle, of New Holland, were Sunday guests of Mr. and Mrs. Henry Pitzer.

Mr. and Mrs. W. O. Riley spent Sunday with relatives in Springfield.

Mr. and Mrs. Lawrence Augustus, of Springfield, were Friday evening guests of Mrs. Mary Augustus.

Mr. and Mrs. Ben McCoy, of Wilmington, were Sunday dinner guests of Mr. and Mrs. A. C. Murray.

Miss Mable Lenore Strope, of Greenfield, was a weekend guest of Mr. and Mrs. Herbert Jones.

Mr. and Mrs. J. B. York spent Saturday with Mr. and Mrs. Tom Braden.

Mrs. William Font and daughter, Jean, of Frankfort, were weekend guests of Mr. and Mrs. William Font and family.

YANK STARS—Joe DiMaggio, left, and Ernie Bonham, ace pitcher, are stars of Yanks.

-Spying- On Sports By Sid Feder

(Pinch hitting for Hugh Fullerton, Jr.)

(By The Associated Press)
BOSTON, July 15—(Wide World)—Plain Ben Jones, who ought to know, says Apache's the boss Whirlaway has to beat today to pick up the Massachusetts marbles. . . Weight and all, we'll string along with Mr. Big-tail.

Defense Mechanism

The Yanks have chalked up 112 double plays. . . It's just like those National Leaguers said—the only way to get a hit through that infield is to shoot it out of an ack-ack gun. . . Tip is out that Tennessee'll be the hottest outfit in the Southeast Conference foot balling this fall. . . Chicago will get the first fight of Mike Jacobs' new Navy-USO series that goes out of New York this fall. . . But you can bet Tony Zale won't be in it. . . Tony's exclusively interested in being a sailor boy. . .

Today's Guest Star

Buck Weaver, Louisville Times: Our old friend, Frankie Catrone, is so far in front of the trainers at Suffolk Downs he can stumble a couple of times and still finish ahead of the others.

Rejuvenation

What's this about Joe Cronin working out to whittle his waist down? . . . Back to infield patrol, Joe? . . . Well, if Luke Sewell and Ossie Bluege can do it, why not Mr. Big Jaw of Boston? . . . And any day now you'll probably hear about Jimmy Dykes wheeling himself back into that White Sox lineup. . . If he can still wheel.

Win Streak Of Mud Hens Comes to End

(By The Associated Press)
The winning spree of the once lowly Toledo Mud Hens was at an end today, temporarily at least, but they had sixth place to show for their recent string of successes in the American Association.

The Mud Hen victory streak reached eight in the first game of a double header against Columbus last night. It stopped there when Preacher Roe pitched Columbus to victory in the second game, 4 to 3. The Hens took the opener 1 to 0 with Fritz Ostermueller outpitching Frank Gabler of the Red Birds.

Toledo was able to slip into sixth place, a single point ahead of Louisville, when the Colonels suffered their fifth straight reverse, to Indianapolis, 6 to 1. Columbus maintained its half-game hold on second place when challenging Milwaukee lost to first place Kansas City, 6 to 4, after winning the first game of a double header, 3 to 2. In the other game, Owen Scheetz turned in a five-hit performance as Minneapolis trimmed St. Paul, 5 to 1.

THREE-HIT BALL BY RAY STARR BUT GAME LOST

Wyatt Does Same but with Better Luck and Dodgers Beat Pirates, 5 to 1

By JUDSON BAILEY

(By The Associated Press)
The secret of successful pitching sometimes seems to be luck as much as skill.

Ray Starr, the lean spellbinder of the Cincinnati Reds, pitched three-hit ball yesterday and was beaten 2-1 by the pitiful Phils because two outfielders collided under a fly hit by pitcher Frank (Rube) Melton and the ball fell for a home run.

On the other hand, Vern Olsen, the Chicago Cubs' southpaw, was pummeled for 11 hits by the New York Giants and not only escaped with his sixth straight victory but scored a shutout, 3-0!

Starr's misfortune cost him his fifth defeat against a dozen victories and cost Cincinnati a full game's distance against the Brooklyn Dodgers and St. Louis Cardinals, both of whom won.

At St. Louis, Mort Cooper had luck of a different sort. He was batted out of the box for the third time in succession, but the Cardinals rallied spectacularly to beat the Boston Braves, 7-5, in 11 innings and wipe out what would have been Cooper's fifth setback.

A two-run homer by George Kuroski tied the score in the eighth and another two-run circuit clout by Stan Musial settled the affair.

Brooklyn punished the Pittsburgh Pirates 5-1 with Whitlow Wyatt pitching three-hit ball for his tenth triumph of the year in a night game that drew 21,254 fans at Pittsburgh.

In the American League, the New York Yankees downed the Detroit Tigers 3-0 on the two-hit hurling of rookie Hank Borowy and extended their first place margin to six games as the Boston Red Sox absorbed another beating by the St. Louis Browns, 3-2.

Outer China and China proper cover an area of nearly 41-2 million square miles—more than a quarter of all Asia.

Washington C. H. Golfers Go to London for Match

Washington C. H. golfers—more than a score of them—headed for London Wednesday morning with hopes high for a victory in the first of the inter-city matches scheduled for the summer. If they can win, they will get permanent possession of the cup for which the two clubs have been battling through several summers. The Washington C. H. team has won it twice in a row and a third win will mean another trophy for the mantle piece in the lounge of the Country Club.

But, they went without services of one of the team's aces—Ronnie Cornwell. That husky larper was in Cincinnati participating in the state amateur tourney. The tourney is too young to tell much about the outcome or how Ronnie will fare against some of the best amateurs in the state. But, he and Mrs. Cornwell planned to remain in Cincinnati, win, lose or draw, to watch the tourney.

Match Play Started

As 64 golfers today began the first of four daily 36-hole rounds of match play to determine Ohio amateur golf king, it looked as though a certain broad-shouldered Irishman from Toledo, one Frankie Stranahan, intended to keep right on wearing the crown. The 19-year-old former Arizona state champion, after come indecision, took to Maketewah's soggy fairways yesterday and showed 102 entrants the way over the 18-hole qualifying round with a medal score of par 72. Playing with Stranahan and

Tony Ruddy of Toledo, McCarthy shot a 74 in the qualifier, tying Paul Schutte, another Cincinnati. Walter Bialy of Akron and Erv Baumgartner of Cincinnati tied for runner-up medal honors with 73's.

Eight 83-shooters fought it out through four extra holes for the last five qualifying places; and Cliff Sweeney of Middletown, Dave Moes of Lima, Tom White-way of Cleveland and Tom Davies and Fred Vonderahe of Cincinnati won.

Pairings for today's opening 36 holes of match play with qualifying scores and home cities of non local golfers included: Erv Baumgartner (73) and Tom Cloran of East Liverpool (79) Dutch Reid of Chillicothe (78) and Bob Braun (82). Emmitt Mitholland of Columbus (78) and Dave Moes of Lima (83).

Maurice J. McCarthy, Jr. (74) and J. L. Turney of Middletown (79).

Bob Campbell of Granville (78) and Cliff Sweeney of Middletown (83).

Bill McCabe of Middletown (7) and Dick Rhyhan of Columbus (18).

games, will be played Friday night when two outside teams will meet the Industrial League first and second placers. Curtis-Alber Cats and Rife's Rowdies. This game will precede the regular Industrial League game between Selden and Forest Shade Granges.

THREE SPECIAL GAMES SCHEDULED THIS WEEK FOR SOFTBALL TEAMS

Another special game has been arranged for this week in addition to the game Thursday at 8:15 P. M. between girls of the Alber Cats and Rife's Rowdies. This game will precede the regular Industrial League game between Selden and Forest Shade Granges.

The second special game or

Reds Beaten By Phils by Freak Homer

CINCINNATI, July 15—(P)—The Boston Braves, losers of their last nine games with Cincinnati, meet the Reds today in a doubleheader.

Paul Derringer and Bucky Walters, both two-time winners from the Braves are probable pitchers for the Reds against Jim Tobin and Manuel Salvo.

Old Ray Starr might have had victory No. 13 today as a shut-out instead of his second straight setback if outfielders Harry Craft and Max Marshall had worn bells around their necks yesterday when the Phils beat the Reds 2-1.

The two gardeners crashed into each other in the fifth inning near the scoreboard and instead of pitcher Rube Melton's long swat being a putout, it went for an inside the park homer. Catcher Ben Warren, who had walked, scored from first ahead of slow-running Rube.

Starr gave only two other hits, but the best the Reds could get from seven hits was a lone run in the fourth on singles by Marshall and Ray Lamanno.

CUDAHY CREW IS SWAMPED BY LEGION OUTFIT

Several Fat Innings Turn Game into Romp After Interesting Start

The Cudahy Packers were swamped by the American Legion in the only softball game of the evening Tuesday night when the Legion scored 20 runs to the Packers' 1. Cudahy's held the lead in the first inning when they scored their run and the Legion had yet to score. At the end of the second inning of play the score was tied at one-all. In the third the Legionnaires scored seven runs to put them far out in the lead. They kept on with their scoring in the fourth and added three more. In the fifth they went without scoring a run but in the sixth they brought their complete total up to 16. In the last inning they got four more runs.

In the third inning F. Reno of the Legion hit a home run with one on and in the seventh Sexton of the same team hit a home run with two on bases. Hitting honors went to Mitchell of the Legion with two for two and Ellars of Cudahy's with one for one.

Two games will be played Wednesday night at Wilson Field in the softball leagues. The first game, in the Church League, will be between St. Colman's and the Presbyterians beginning at 7 P. M. The second game, in the Industrial League, will be between Light's Dairy and Albers, beginning at 8:30 P. M.

Township Clerk

Whirlaway's Big Chance!

If the Little Horse with the Big Tail Can Get Going Earlier In \$50,000 Handicap He'll Be Top Money-winner

BOSTON, July 15.—(P)—Whirlaway may give the horse laugh to the so-called Seabiscuit if he can change his stride and break near the top today in the \$50,000-added Massachusetts handicap at Suffolk Downs.

The four-year-old son of the English Derby winner Blenheim II needs only \$27,244 to equal the record earnings of \$437,730 that Seabiscuit piled up during his six years of campaigning.

And he can get it today if he can outfoot seven rivals, of apparently much earlier "lick," to the wire for the \$44,850 winner's share of the richest purse of the current season for handicap horses.

The long-tailed Whirlly, owned by the wealthy Warren Wright, the Kentucky and Chicago horse-breeder, happens to be a stretch runner of great fame. But all the

previous Massachusetts'—seven in all—have been gained by thoroughbreds that possessed the ability of breaking fast from the box and maintaining their advantage to the wire.

Whirlly is going to tangle with some real speed. Sunny Jim Fitzsimmons has Apache, latest challenger to three-year-old honors, right and ready. Then, too, Whirlly is packing top weight of 130 pounds, and Sunny Jim's baby is lugging only 107.

If Apache does not crowd Whirlly, it would be Mrs. Parker Corning's Attention, or likely, Emerson Woodward's New England favorite, Rounders, and then again there is a slight chance that the early-breaking Transfigure, owned by Texan John L. Sullivan, may last and burst home to take all.

NOTICE OF PUBLIC HEARING ON TAX BUDGET

GRAIN MARKET NEWS SUMMARY

CHICAGO, July 15.—(P)—Wheat prices declined today following House approval of a Senate proposal to allow sales of government wheat at prices below parity. Other grains followed the bread cereal downward.

The action of the House surprised many traders, because the House previously had been firm in its demand that no sales be permitted below 100 percent of parity. The Senate proposal had the support of President Roosevelt.

Approval of the Senate's measure meant that 125,000,000 bushels of wheat could be sold for feeding purposes at not less than about 63 cents a bushel. Under the House's previous measure, providing for sales at not less than parity for wheat, the minimum figure was about \$1.35 a bushel.

After dipping more than a cent from the previous close, wheat rallied at the finish to reduce extreme losses. Wheat closed 1/8¢ to 1/2¢ lower July 1.19 1/4, Sept. 1.21 3/4-5¢; corn was unchanged to 1/2¢ down, July 88 1/2¢, Sept. 90 1/2¢. Oats and rye, after dipping below yesterday's close, rallied strongly. Oats finished 1/2¢ to 3/4¢ up and rye gained 1/2¢ to 3/4¢. Soybeans finished 1/8¢ lower to 3/8¢ higher.

GRAIN CLOSE CHICAGO, July 15.—(P)—WHEAT: Sept. 1.21 3/4-5¢; Dec. 1.25 1/4-5¢. CORN: Sept. 90 1/2¢; Dec. 93 1/2-3¢. OATS: Sept. 49 1/2¢; Dec. 52 1/2¢. SOYBEANS: July old 1.75 1/2¢; Oct. 1.75 1/2¢. RYE: Sept. 70 1/2¢; Dec. 74 1/2¢.

44. Suffix to form plural.

A Four-Piece Outfit

By ANNE ADAMS

"Time out for play!" says this versatile weekend wardrobe. It's Pattern 4098 by Anne Adams, and includes a trim two-piece dress for travel or town, plus a bra-and-shorts outfit for sports and sunning. Pattern 4098 is available in misses' sizes 12, 14, 16, 20 and 22. Size 16, jacket and skirt, takes 3 3/4 yards 35 inch; bra and shorts, 1 7/8 yards 35 inch. Send FIFTEEN CENTS (plus ONE CENT to cover cost of mailing) for this Anne Adams pattern. Write plainly, NAME, ADDRESS and STYLE NUMBER. SAVE FOR VICTORY with the aid of our new Bureau Pattern Book. Thirty-two colorful pages of easy-to-sew, fabric-conserving styles for work, for sports, for afternoon and evening. Just TEN CENTS! Send your order to The Record-Herald Pattern Department, 243 West 17th St., New York, N. Y.

NOT SO SILLY, EH!

COLUMBUS, July 15—(AP)—Customers of six business concerns here have turned in enough used tin shaving cream and toothpaste tubes since the salvage drive started last spring to provide the solder necessary for electrical connections in 1,250 flying fortresses, the Ohio Office of War Information estimated today.

TWO FAIRS CALLED OFF
LOGAN, July 15—(AP)—Hocking County's 1942 fair has been cancelled to help the nation's rubber conservation drive but a junior exposition for 4-H club members, scouts and similar organizations will be held, fair officials reported today.

PLANT GETS 'M' FLAG
WASHINGTON, July 15—(AP)—As a reward for "outstanding production," the Maritime Commission has awarded its "M" pennant, the victory fleet flag and workers' merit insignias to the General Machinery Corporation at Hamilton, O.

Be a regular on the home front! Make regular pay-oll purchases of U. S. Defense Savings Bonds and Stamps.

NOTICE OF APPOINTMENT
Estate of Pingry E. Pummill, deceased. Notice is hereby given that Claude E. Pummill has been duly appointed and qualified as Administrator of the estate of Pingry E. Pummill, late of Fayette County, Ohio, deceased.
